

## Domaine de la Prade Chardonnay premium non-alcoholic white wine

From renowned champagne connoisseur and wine critic, Richard Juhlin, comes a truly exceptional dry Chardonnay non-alcoholic white wine from France.

Richard Juhlin, in partnership with MRG Wines from Gothenburg in Sweden, develop, produce and distribute a wide range of premium non-alcoholic wines.

Domaine de la Prade Chardonnay is carefully aged for a year to develop and preserve the natural aromas and character of the white grapes. It is then de-alcoholised using a gentle patented method that does not lose any of the natural aromas or character of the wine. This non-alcoholic Chardonnay is well rounded, with a dry texture and balance that will complement most foods, especially spicy Asian dishes.

This Chardonnay is an excellent and rare high-quality non-alcoholic white wine.

Domaine de la Prade Chardonnay contains 0.0% ABV, 19.50 k/cals and 4.2 gms of sugar/carbs p/100ml. The 750ml screw top bottles are sold in cases of 6 bottles.
