

## Glen Dochus West Coast Blend Spirit style 0.0% ABV

From Spirits of Virtue in Scotland comes Glen Dochus (Dochus is Gaelic for Hope) West Coast Blend. A new and expertly blended smooth and mellow dark spirit, without the alcohol.

The quality and provenance of the ingredients combined with the production process deliver a mouth feel and taste that is superior to other non-alcoholic spirits.

Blended and bottled in Scotland, Glen Dochus uses an advanced extraction method to derive the character of alcohol from aged wooden casks to create an authentic nose and mouthfeel.

For over 50 years the water used to create Glen Dochus has been percolating through the granite mountains of the Scottish Cairngorms, picking up the unique signature that creates Scotland's spirit.

Glen Dochus has an aromatic, light caramel complex smoke flavour. Its palate is rich and full bodied. It has a long finish, lasting with pepper and apricot notes. Combining the essence of aged and natural barrel storing, malt and barley flavours and the finest botanicals extract. This is a tippie that defines the future but respects the craft of Scottish heritage.

Glen Dochus contains 0.0% ABV, 0.0% sugars and 0.5 kilo calories per 100 ml serve. It is sold in 700 ml screw top bottles in cases of 6 bottles.

Consume within 90 days from opening.
