

Natureo Premium Syrah De-alcoholised Wine Less than 0.5% alcohol

Natureo Syrah has a nice structure and a lovely cherry colour. It has a nicely structured flavour with subtle aromas of pomegranate and redcurrant with hints of vanilla. It is clean and balanced on the palate with smooth tannins and a robust finish.

Natureo Syrah is made from **Shiraz grapes** fermented in stainless steel vats under controlled temperature. 5 % of coupage ages in new French oak for 4 to 6 months.

The Natureo range of **premium non-alcoholic** wines comes from **Bodegas Torres SA**, one of Spain's largest and most respected wineries. This winery was founded in 1870 and is located in the historical wine growing area of Penedès in the Catalonia region near Barcelona. Using an innovative **alcohol extraction system** the winemaker has been able to retain the aromas of the grapes, antioxidants, vitamins and mineral salts without the alcohol.
