

ARIEL WHITE ZINFANDEL

The premier non-alcoholic version of America's Favorite!

VARIETAL

Ariel White Zinfandel is produced from select California vineyards growing Zinfandel exclusively for White Zinfandel production, with an emphasis on vineyards producing grapes with a strawberry fruit character.

WINEMAKING

Ariel White Zinfandel is made from the red Zinfandel grape. Once harvested, the grapes are crushed and the juice is allowed to ferment at 50°F (10°C) in stainless steel cooperage with the skins until the desired color is extracted. The skins are then removed, and the blush colored must is fermented to dryness. Just prior to bottling the alcohol is gently removed via cold filtration.

WINEMAKER NOTES

A lovely light rose color, with strawberry, raspberry and hints of boysenberry aromas. Ariel White Zinfandel is a wonderful accompaniment with fruit and cheese, shrimp, scallops, lighter pasta dishes and desserts. A classic to serve at picnics and barbecues, Ariel White Zinfandel can be enjoyed anytime.
